To: Applicants for Well Driller's License and License Renewal

Federal Welfare Reform as implemented by Senate Bill 356 passed by the 1997 Session of the Nevada State Legislature requires that professional and occupational licensing agencies add certain requirements regarding child support to all applications for new licenses and for renewals. As a result of Senate Bill 356, professional or occupational licenses, certificates, or permits may be denied or restricted if back child support is owed by the licensee. The Well Drilling License issued by the Division of Water Resources is subject to this new requirement made mandatory by Senate Bill 356.

Every application for an occupational license must include a statement regarding the applicant's child support payment status, and failure to give a response or to sign the statement will cause denial of the application for licensing. If the applicant reports that he or she is not in compliance with a child support order or an approved repayment plan, then the applicant must contact a local district attorney or the Welfare Division to arrange for payment of child support. Senate Bill 356 requires the following **CHILD SUPPORT QUESTIONNAIRE** form to be completed.

Please mark the appropriate response (***FAILURE TO MARK ONE OF THE THREE AND SIGN WILL RESULT IN DENIAL OF THE APPLICATION***)

_____ I am not subject to a court order for the support of a child.

_____ I am subject to a court order for the support of one or more children and am in compliance with the order or am in compliance with a plan approved by the district attorney or other public agency enforcing the order for the repayment of the amount owed pursuant to the order; or
